

College Credit and Careers Network

Formerly the Northeast Tech Prep Consortium

Serving North King and South Snohomish Counties

January 5th, 2009

Dear Teacher:

Welcome to the College Credit and Careers Network! We are part of a state-wide network of 22 Tech Prep consortia. We make it possible for high school students to have the opportunity to earn dual high school and college credit for certain career and technical education courses.

C3N (formerly the Northeast Tech Prep Consortium) was established in 1992 and includes the following education partners:

* Bellevue Community College * Cascadia Community College * Lake Washington Technical College * Shoreline Community College * Bellevue School District * Edmonds School District * Issaquah School District * Lake Washington School District * Mercer Island School District * Northshore School District * Riverview School District * Shoreline School District * Snoqualmie Valley School District*

Eligibility Requirements:

- Be enrolled in the articulated high school CTE course
- Register online for Tech Prep credit
- Earn a grade "B" or higher in each semester of the articulated class

Program Benefits:

- Students receive direct college credit and a college transcript tuition free
- Students receive college credit without leaving their high school
- Significant savings of time and money
- Early registration at the community/technical college that awarded credit
- Connect to career pathways and employment

I have enclosed some helpful information for you, including important instructions on how to set up your account and enter grades for your students. Also, be sure to visit our website at www.CollegeCreditCareersNetwork.org. Our high school teachers are crucial to our success and we are grateful for your involvement in the program.

Please let us know if you have any questions or need further information.

Thanks,

Tanya Rettinger
Program Coordinator
