## ▶ Tuition Free ~ College Credit

- ◆ **TUITION FREE:** Students receive direct college credit and a college transcript, without leaving their high school!
- ◆ **NO DISTINCTION:** Credit earned is regular college credit from the awarding community or technical college, there is no distinction that it was earned in high school and it is treated the same as a college course taken at that college.
- ◆ **JUMP START:** Tech Prep College credit may be used alone or can be combined with other types of dual credit... which leads to less student debt and early graduation! Students and parents will save time and money on college education!
- ◆ **CONTEXTUALIZED LEARNING:** Helps students' to understand academics in real-world settings, also builds student competence in math, science, and communication.
- ◆ **PRIORITY REGISTRATION:** Students receive priority registration at the college they received credit at (if they attend).
- ◆ **OPTIONS:** More transfer options are becoming available for Technical Degrees.
- ◆ **RESUME:** College credit on a resume helps students stand out to future employers.
- ◆ **EARNING POTENTIAL:** Students increase their earning potential and explore education and career pathways!
- ◆ **MILITARY:** Students entering the military may be eligible for promotion and pay increase.
- ◆ **MOTIVATE:** Earning college credit in high school may motivate students who don't think of themselves as 'college bound' to continue on with their education after high school.
- ◆ **EXPLORE:** Allows students to explore passions and enhance skills for future career exploration.
- ◆ **CURIOUS?** Find out which College Tech Prep classes are offered at *your* high school by going to [www.collegecreditcareersnetwork.org](http://www.collegecreditcareersnetwork.org)
